A 39-year-old Mattoon man was shot Wednesday evening on the Eagle Creek State Park entrance road following a high speed chase through Moultrie and Shelby counties.

Earl Leroy Hidlebaugh was pronounced dead on arrival at St. Mary's Hospital in Decatur.

The incident began at 6:15 p.m. in Moultrie County when a Sullivan Police Officer observed Hidlebaugh's vehicle and recalled an earlier State Police dispatch that the man was armed and dangerous, according to a statement issued by the Sullivan Police Dept.

The suspect was wanted for aggravated assault in Decatur. He had allegedly made threats to police officers and, according to the dispatch, would carry out the

threats.

Hidlebaugh was also wanted in Mattoon for allegedly threatening five other people in that city on Tuesday. The suspect was reported as suicidal and homicidal.

Pursued by the Sullivan police unit and other law enforcement agencies through Moultrie County and into Shelby County on the Findlay-Bruce Road, Hidlebaugh was headed for Findlay when a Dept. of Conservation officer joined the pursuit.

The Conservation officer attempted to intercept the suspect vehicle on the Findlay-Bruce Road when Hidlebaugh fired and struck the officer's patrol vehicle with a .410 gauge shot gun.

Hidlebaugh turned on the road leading to Eagle Creek State Park and, while fleeing from law enforcement personnel, struck a pickup truck, terminating the pur-

suit.

The suspect, according to the statement issued by the Sullivan Police Dept., "exited his vehicle armed with a shot gun. The suspect threatened the officer and pointed the weapon at the officer. The officer fired one shot striking the suspect in the chest."

First aid was administered to Hidlebaugh until a Shelbyville ambulance arrived on the scene. The Findlay ambulance was on a call to Shelbyville at the time of the incident.

Taken to St. Mary's Hospital, he was pronounced dead at 8:09 p.m. An inquest will be held in Macon County.

The shooting is being investigated by the Illinois Dept. of Criminal Investigation and crime scene technicians for the Illinois State Police.

57 Findlay youngsters spend three weeks in summer school

Some Findlay youngsters could be found in an unlikely place — back in school — during a three week period in June.

Fifty-seven Findlay Grade School students recently completed a special summer school program that started June 9 and ended June 27. Enrolled in the summer program were students who worked one week with remedial reading, remedial math and gifted math.

The funding for the summer school program was available through a

grant for this year only, Findlay Grade School principal and unit superintendent Ron Hash said.

He said he didn't know if there was a possibility of continuing the program next year ... and wouldn't know until March. If funds are available, he will apply to have the program again.

Hash said he felt summer school was a good program and very successful for the students that participated.

Recreation program has theme

Next week will be "Food Week" for participants in the Findlay Summer Recreation Program.

"Food Week" activities will begin on Monday, July 14 with an art project made up of macaroni, cereal and beans. Findlay police officer Mike Welch will fingerprint the children.

Popcorn balls and popcorn art will be made on Tuesday, July 15. Other

summer rec activities include a movie.

Susan Vadakin will present the "A to Zebra" reading program on Wednesday, July 16. A special treat will include homemade ice cream.

The field trip on Thursday, July 17 will be made to Johnston's IGA bakery and meat department in Shelbyville. There is also the

MeThinks by Pauline Briney

Yesterday was the big holiday. As a child and young adult I always looked forward to this special holiday. Now it seems to be just another day. Is that a sign of old age? I would say so. But I’m not completely out of the picture yet.
I love to see flags waving, and I loved the Statue of Liberty pageant. I also love homemade ice cream, watermelon, the pop pop of firecrackers and fireworks. I guess what I enjoyed most in my younger days was going to the carnival in Sullivan, riding the rides and just walking around and around seeing **people**.
Times have changed. I don’t believe I’d spend a hot dusty afternoon walking around and around now if I were paid for it. Of course everything has its price, but I’d have to be compensated a whole bunch.
I’d love to spend the Fourth camping at Eagle Creek, but not by myself. It’s also a bit difficult to camp when you don’t own a camper or tent. So much for the holiday. It’s over and past for this year.
I did enjoy a pool party at the Robinson home, so I did get to celebrate some. In the evening my sister and brother-in-law and I rode through the park looking for deer. All we really saw was lots of baby rabbits, picnickers and campers. I guess there was too much activity for the deer to wander out of their hiding places.

I’m glad to hear that the Methodists have restored the two songs, “Onward Christian Soldiers” and “The Battle Hymn of the Republic” to their song books. Those are two of my favorite hymns, and I hope they’re left in all hymnals. In my wildest imagination I don’t see how anyone can find fault with them. A sticky cactus from me to the ones who wanted them deleted from the

Rainfall report

Flat Branch Township was the winner in the rain sweepstakes last week. During the week of June 25-July 3, Flat Branch had 4.26 inches of rainfall. The low, by contrast was .9 of an meh in Sigel and Rural townships.
In northern Shelby County, the recorded rainfall was 3.08 inches ih Penn, 3.4 inches in Pickaway, 2.85 and 1.85 in Ridge, 2.12 in Okaw and 4.10 in Todd’s Point.

song books and a lovely rose to those who chose to keep them. In my mind there’s no way those two beautiful hymns could be caled militaristic or anti-American. I guess there are those who have to find something to worry about. I wish all worries for all people could be so minimal.

I dont' know Nancy Reagan, but I get the feeling that I’m not fond of her. It may be the feelings are unfair, but some of us do sometimes harbor unfair feelings. Calling a spade a spade — she gripes me. I have never seen the President without her at his side. I never saw that much of Bess Truman, Jackie Kennedy, Rosalind Carter or any other President’s wife. I can’t decide if she seeks the limelight or he can’t function properly out of her presence. Maybe if I knew her I would like her, but as it is, my opinion is that I just don’t.

I am happy to hear that there will be Findlay Days this year after all. I’ve been told numerous times that we wouldn’t have it this year. I was disappointed. But now we can once again band together to make our annual celebration bigger and better than ever. I look forward to it. Don’t you? A big THANK YOU to the Findlay Lion’s Club for once again organizing it. Mark your calendars now for the Labor Day weekend, and we’ll see you all there.

I’ve been in Findlay for 45 years, and as long as I’ve been here I’ve never seen a fireworks display. I guess we just never have had the money to have one. I think it would be fun to have just one here.

Roger Brooks and Jack Yantis shared their fireworks with the residents of Sunnydale homes. Nice gesture? Huh?

Dave and Wilma Davis of Effingham spent part of last week with Pauline Briney. Mr. Davis was not feeling well and on Sunday they returned home. He entered St. Anthony’s Hospital Sunday evening and underwent surgery Tuesday morning.
Graden McDaniel is a patient in St. Mary’s Hospital in Decatur.
Daphne Beck, granddaughter of Eva un Lynch, is a patient in St. Mary’s Hospital, Decatur where she is being treated for pneumonia.
Hazel Crawford of Champaign and Debbie Carr spent Wednesday visiting Bob and Ruth Hubbartt in the University of Chicago Hôpital.

Audience will assist at 'Pied Piper'

Children in the audience of the "Pied Piper" will be drafted to participate on stage in the Little Theatre's production July 11, 12, 18 and 19. Playing members of the town council, town children, rats and even scenery, young theatregoers will be selected before curtain time to help bring Hamlin to life. "Pied Piper" is based on the classic tale by Robert Browning and has been adapted by Pamela Sterling. Performed only once before by the Muny Student Theatre Project in St. Louis, "Piper" is full of singing and dancing. Graham Murphy, a graduate of Western Illinois University, has the title role of the Pied Piper. Other cast members include Steve Berglund as the Mayor, Kristy Sims as his daughter, Kerrie Sims as a widow, and Josh Rhodes as her son. All performances begin at 11 am., and tickets are available by calling 728-7375. "I hope the child will come with live theatre in mind. They'll definitely be part of the action," explains Dale Crabtree, director of Children's Theatre. He advises parents to bring children a little early as the extra cast is picked before the show.

THE WISDOM OF EXTRACTION

When hearing about impacted, abscessed or painful wisdom teeth, many people wish to have them extracted before they "act up." However, they should never be extracted with out a specific reason. Wisdom teeth actually are the permanent third molars. Because they are located so far back in the jaw, they may be more difficult to clean. As a result, they tend to decay more easily. If they are badly formed, they also may be more prone to disease. People with small jaws may suffer from impacted wisdom teeth. Those with large jaws and smaller teeth have more room for them to erupt. Because they are part of the complete and permanent set of 32 teeth, wisdom teeth should not be routinely extracted. Actually no teeth should be extracted except as a last resort, not easy to imagine today. We believe that every effort should be made to save every tooth for as long as possible, ideally a lifetime. We use the most modern dental techniques in preventive and cosmetic procedures

Hunter safety course to be held July 18-19

BETHANY - A hunter safety course will be held July 18 and 19 at the Shelbyville Fish and Wildlife headquarters near Bethany.

The Dept. of Conservation is sponsoring the course. Attendance at such a course is required for hunting license applicants under age 16.

"This will be an excellent opportunity for young hunters who need the course to qualify for their first hunting license. It also can be beneficial for beginning hunters older than 16, even though they do not require the course to be eligible for a license," Brad Lutz, DOC spokesman, said in announcing the two-day course.

Sessions run from 5:30 to 8:30 p.m. Friday and 8:30 a.m. to 4 p.m. Saturday.

Pre registration is required and can be completed by contacting Lutz at 665-3112.

Findlay scouts hold a regatta

Findlay Cub Scouts held a Rain Gutter Regatta Sunday afternoon, July 7 in the new Findlay Mini Parte.

The Cub Scouts made their own boats from kits and raced them in sealed rain gutters. To race the boats you must blow on your sail to make it go.

Winners of the Regatta were Colby Bradford, first place; Justin Oldham, second place; and Jeremy Vadakin, third place.

Mike Oldham put the Regatta together. Others participating in the Cub Scout event were Mike, Vicki, Jeremy and Jason Oldham, Pam and Tyler Bradford and Susan Vadakin.

Tipsword, Sager elected to new FmHA committee

Farmers who live in the Moultrie-Shelby County area voted June 30 for members on a new county committee. The 1985 Farm Bill calls for two elected and one designated member on the committee.

John E. Tipsword of Bethany was elected to a two-year term on the committee. Anna Jane Sager of Sullivan was elected to a one year term and Richard G. Elliott of Shelbyville was appointed to a three year term.

Exact election totals were not available from the FmHA office in Shelbyville where the election was conducted.

The FmHA county committee assists the county office in determining the eligibility of applicants for certain types of FmHA loans.

The fourth nominee for the county committee was James B. Hooten of Gays.

In the future, all three members will serve three-year terms on a staggered basis, with one position filed each year.

Home of former Findlay resident is recognized by Edwardsville Historic Preservation group

The Edwardsville home of a former Findlay resident has been recognized for its historical significance.

Tony and Charlene (Ramsden) Mazurier of Edwardsville recently received notice from the Edwardsville Historic Preservation Commission that their home has been recognized as being historically and architectually significant.

The Mazurier home is located in the historic LeClaire section of Edwardsville and was built by N O. Nelson, founder and developer of LeClaire and owner of the N O. Nelson Company.

Nelson was known around the

world for his revolutionary ideas on profit sharing. He traveled worldwide lecturing on his ideas, which included the workers receiving a share of the company's profits, as well as receiving a share of profits, based on the amount of their purchases, from the company store that was established in the community.

N O. Nelson built all the homes in the LeClaire neighborhood and sold them to the company workers for \$15 per month. He established a school in the area and because he felt an obligation to the cultural health of the community, a park complete with lake and bandstand was located in the heart of the area. Nelson arranged for speakers on various

topics to lecture there. Under his leadership, no police force was necessary and there were no divorces in LeClaire.

The N O. Nelson house, built in 1896-97 was passed on to one of his daughters, who was married to a dentist, and then to a granddaughter, who sold it out of the family, prior to the Mazurier's purchasing it in 1970.

Charlene is the daughter of Rev. and Mrs. Charles K. Ramsden of Decatur and the granddaughter of the late Guy and Bertha Enoch and the late Rev. Charles and Mary Ramsden of Findlay. She lived in Findlay and attended Findlay schools through the ninth grade.

Louie the Lightning Bug* says

THINK SAFETY AROUND ELECTRICITY!

We lightning bugs ought to know ... electrioitv can be dangerous if you re not carefu

“So here are a few of my rules about electrical safety.”

- Never fly kites near power lines.
- Never climb trees near power lines.
- Never play near electrical equipment or near power lines that have fallen down.
- Smart farmers keep their farm equipment away from power lines.
- Remember Dad, keep ladders and TV antennas away from power lines.

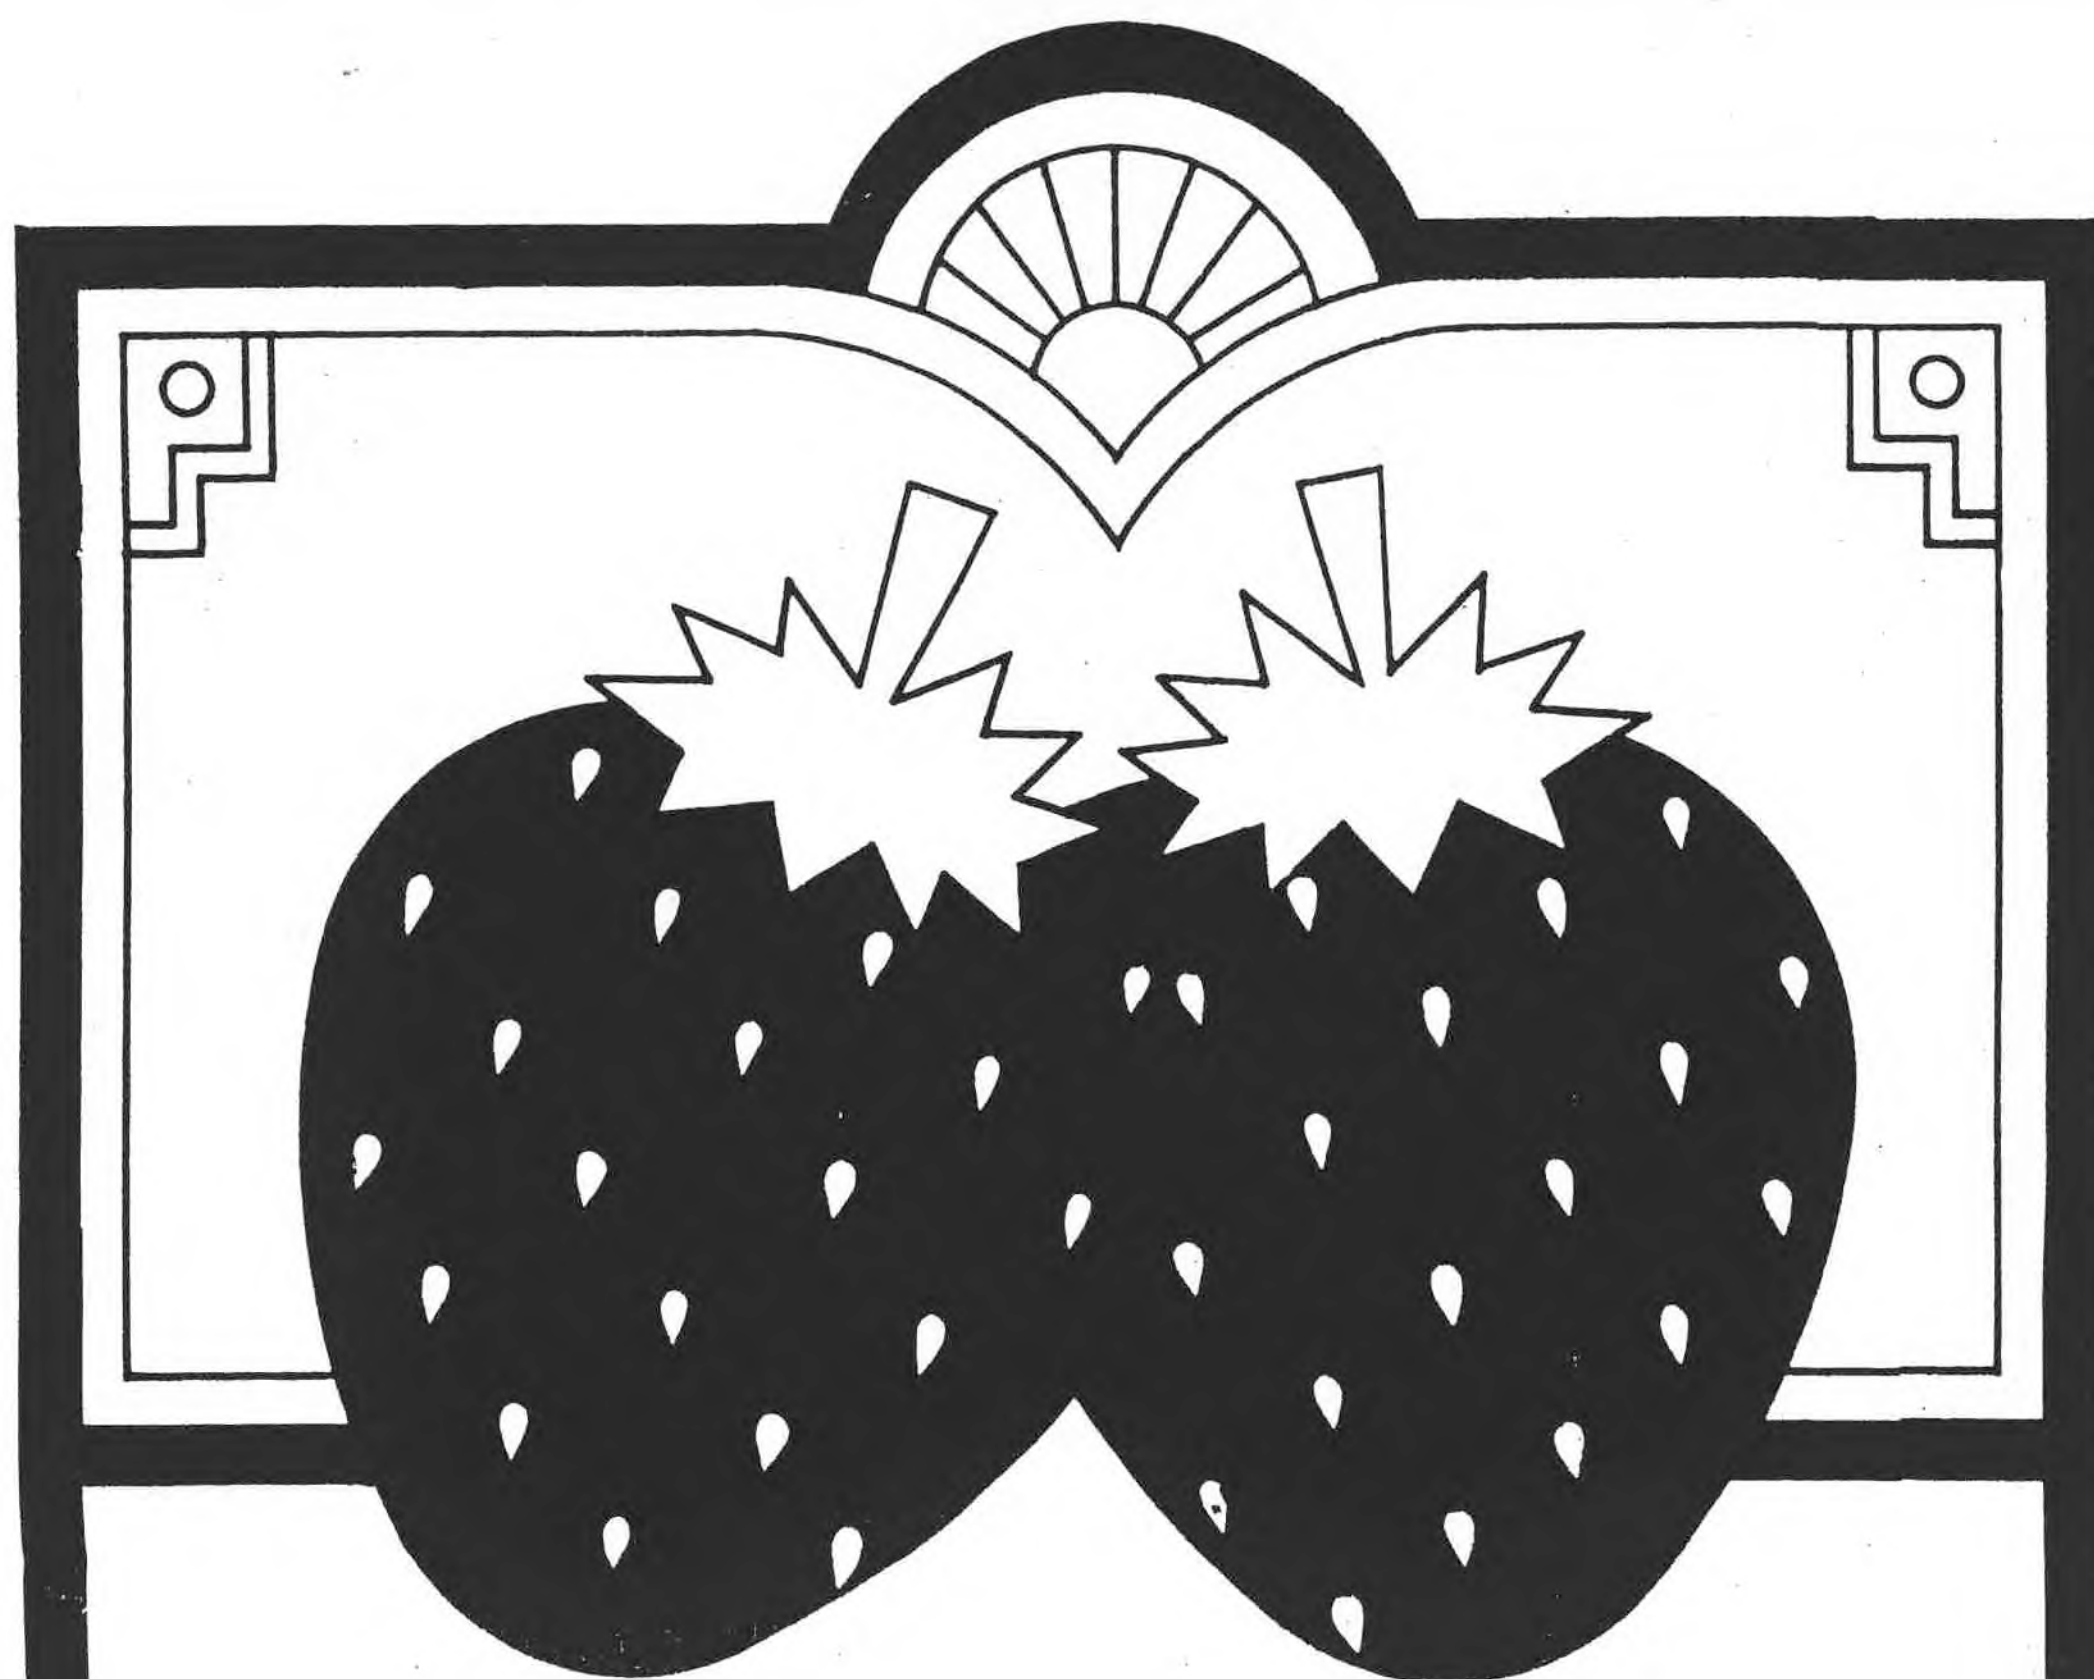

I’m happiest when I get whole families talking together about my safety tips. Let’s all play it safe around electricity”
